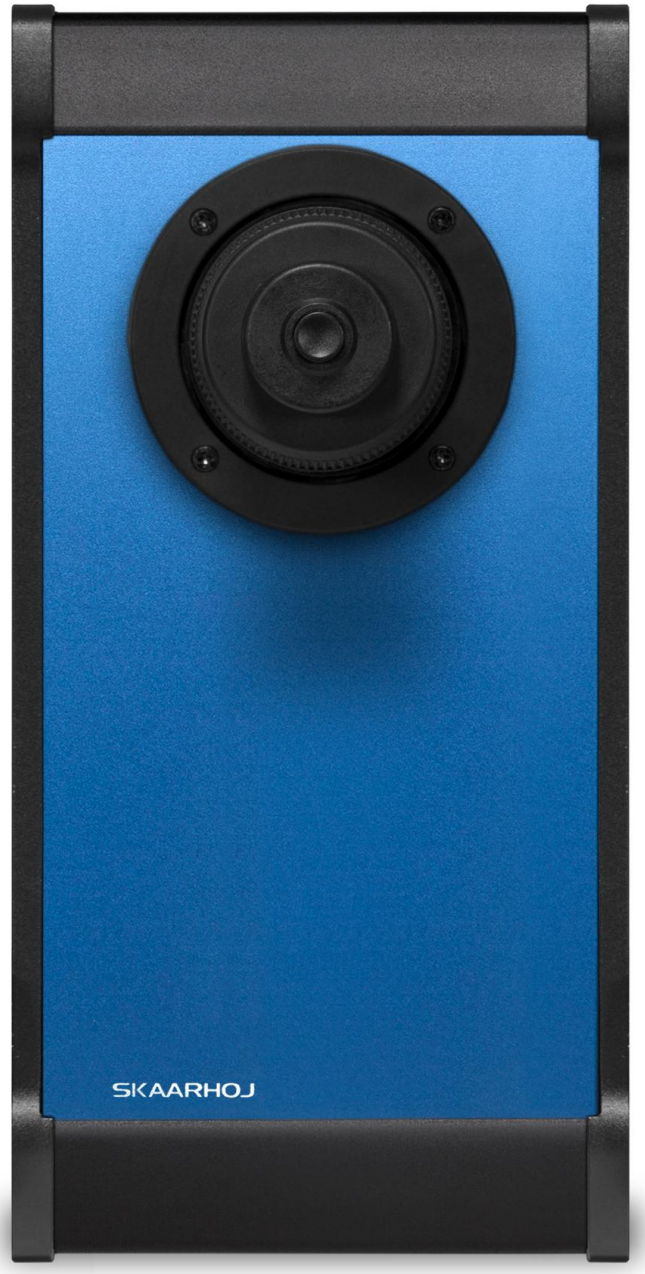
# XC7

Built To Order

*SKAARHOJ XC7 - Universal IP-based Joystick Panel*

The XC7 is a sleek addition to SKAARHOJ's controller lineup, designed to easily add joystick control to existing setups. Featuring a 3-axis joystick with a reset button, it offers precise control over pan, tilt, and zoom functions. Its minimalist design focuses on functionality and ease of use, making it the perfect companion for other SKAARHOJ controllers.



## Benefits

- Add-on Flexibility: Easily integrates with existing SKAARHOJ panels, enhancing control without clutter.
- Simple Yet Effective: Focuses on essential joystick controls for pan, tilt, and zoom, streamlining operations.
- Plug-and-Play: Designed for quick integration and immediate use, reducing setup time.
- Discreet Footprint: Compact design allows it to fit into any setup without taking up valuable space.

## Features

- 3-axis joystick w/Homing button
- Designed to complement other SKAARHOJ controllers
- 100 Mbit Ethernet w/Power over Ethernet (PoE IEEE802.3af)
- UniSketch Platform w/Raw Panel Server mode
- Designed and made in Denmark
