

Fairlight Live Audio Panel 40

Fairlight Live Audio Panel 40 is a desktop control surface with 40 motorized faders and four large touchscreen displays, designed for professional live audio mixing with Fairlight Live. Controls include layers, bus, matrix, aux, VCA, sub-masters and talkback for fast hands-on access to your mix. The touchscreens display channel strip information, levels, EQ, dynamics processing and plug-in interfaces. Ideal for large live broadcasts. Fully integrated with Fairlight Live.

\$8,245
